

52nd ANNUAL REPORT
2021 - 2022

RAJENDRA SOMANI

18-02-1948 ❁ 18-07-2022

It is with great pain that we have to inform that Shri Rajendra Somani – erstwhile Managing Director left for his heavenly abode on 18th July 2022.

He started his career in Oriental Containers 52 years back and was the driving force to grow a small Can manufacturing company into a multi business, multi-locational listed company having interest in Packaging, Real Estate, Petrochemicals and other investments.

His technical expertise got National & International acclaims, winning the Asia Star and World Star rewards.

His vision of new technology in Packaging to Real Estate Development saw Oricon Enterprises Limited (earlier known as Oriental Containers Ltd.) led to grow the Company from a turnover of Rs. 10.3 million to Rs. 5253.34 million and net worth from Rs. 1.5 million to Rs. 10100.43 million.

He followed the principle of justice and righteousness, compassion and built the Oricon family to create a record of several employees working for more than 50 years!

We recognise his contribution and hope that it will inspire us to continue the growth path for all the Oricon stakeholders.

NOTES:

1. The ministry of corporate affairs (“MCA”) pursuant to General Circular No. 02/2022 dated 5th May, 2022, permitted holding of Annual General Meeting (AGM) through video conferencing (VC) or other audio visual means (OAVM) without the physical presence of Members at a common venue. Hence, Members can attend and participate in the ensuing AGM through VC/OAVM in compliance with the provisions of the Companies Act, 2013, (“Act”), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”) and MCA Circulars. The deemed venue for the AGM shall be the registered office of the Company.
2. Since this AGM is being held pursuant to the MCA Circulars through VC/OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence proxy form and attendance slip are not annexed to this Notice. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.

3. Since the AGM will be held through VC/OAVM, the Route Map is not annexed in this Notice.
4. Institutional/Corporate Members (i.e. other than individuals/ HUF/ NRI, etc.) are required to send a scanned copy of its Board Resolution/Authorization etc., authorizing its representative to attend the AGM through VC/OAVM on its behalf and to vote through remote e-voting. The said resolution/authorization be sent to the scrutinizer by e-mail at pushpendra@mindspright.co.in with a copy marked to evoting@nsdl.co.in
5. Participation through VC/OAVM shall be reckoned for the purpose of quorum for the AGM as per Section 103 of the Companies Act, 2013.
6. All documents referred to in the accompanying Notice of the AGM and explanatory statement shall be available electronically for inspection by the members at the AGM. Members seeking to inspect such documents can send an e-mail to share@ocl-india.com from their registered email address.
7. **Queries proposed to be raised at the Annual General Meeting may be sent to the company by email at share@ocl-india.com at least seven days prior to the date of Annual General Meeting. The same shall be replied suitably by the Company.**
8. The Register of Members and the Share Transfer Books of the Company will remain closed from 21st September, 2022 to 28th September, 2022 (both days inclusive).
9. Members holding shares as on 21st September, 2022 shall be entitled to vote at the Annual General Meeting. A person who is not a member as on the cut-off date should treat this notice for information purpose only.
10. The Dividend for the Year ended March 31, 2022, as recommended by the Board, if approved at the AGM, will be paid within thirty days from the date of declaration of dividend to -
 - a) the Members holding shares in physical mode and whose names appear on the Register of Members as on 28th September, 2022.
 - b) the Members holding shares in electronic form and who are beneficial owners of the Shares as on the close of working hours of 20th September, 2022, as per the details furnished by the Depository(ies).
11. Members may note that the Income-tax Act, 1961, ("the IT Act") as amended by the Finance Act, 2020, mandates that dividends paid or distributed by a company after April 1, 2020 shall be taxable in the hands of members. The Company shall therefore be required to deduct tax at source ("TDS") at the time of making the payment of final dividend. In order to enable us to determine the appropriate TDS rate as applicable, members are requested to submit relevant documents, as specified in the below paragraphs, in accordance with the provisions of the IT Act.

For resident shareholders, taxes shall be deducted at source under Section 194 of the IT Act as follows:

Members having valid Permanent Account Number ("PAN")	10% or as notified by the Government of India
Members not having PAN / valid PAN	20% or as notified by the Government of India

However, no tax shall be deducted on the dividend payable to a resident individual if the total dividend to be received by them during Financial Year 2021-22 does not exceed ₹ 5,000 and also in cases where members provide Form 15G / Form 15H (Form 15H is applicable to individuals aged 60 years or more) subject to conditions specified in the IT Act. Resident shareholders may also submit any other document as prescribed under the IT Act to claim a lower / nil withholding tax. PAN is mandatory for members providing Form 15G / 15H or any other document as mentioned above.

For non-resident shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the IT Act, at the rates in force. The withholding tax shall be at the rate of 20% (plus applicable surcharge and cess) or as notified by the Government of India on the amount of dividend payable. However, as per Section 90 of the IT Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement ("DTAA"), read with Multilateral Instrument ("MLI") between India and the country of tax residence of the member, if they are more beneficial to them. For this purpose, i.e. to avail the benefits under the DTAA read with MLI, non-resident shareholders will have to provide the following:

- Copy of the PAN card allotted by the Indian income tax authorities duly attested by the member or details as prescribed under rule 37BC of Income-tax Rules, 1962
- Copy of Tax Residency Certificate for fiscal 2022 obtained from the revenue authorities of the country of tax residence, duly attested by member
- Self-declaration in Form 10F
- Self-declaration by the member of having no permanent establishment in India in accordance with the applicable tax treaty
- Self-declaration of beneficial ownership by the non-resident shareholder
- Any other documents as prescribed under the IT Act for lower withholding of taxes if applicable, duly attested by the member

In case of Foreign Institutional Investors / Foreign Portfolio Investors, tax will be deducted under Section 196D of the IT Act @ 20% (plus applicable surcharge and cess) or the rate provided in relevant DTAA, read with MLI, whichever is more beneficial, subject to the submission of the above documents.

The aforementioned documents are required to be sent to tds@bigshareonline.com and/or vinod.y@bigshareonline.com on or before 15th September, 2022. No communication would be accepted from members after 15th September, 2022 regarding tax withholding matters.

12. In view of the Circular issued by SEBI, the Electronic Clearing Services (ECS/ NECS) facility should mandatorily be used by the Companies for the distribution of dividend to its Members. In order to avail the facility of ECS/ NECS, Members are requested to provide bank account details to the Company or its Registrar and Share Transfer Agent.
13. Brief profile of the Director(s) proposed to be appointed/re-appointed is annexed and forms part of Notice of Annual General Meeting.
14. Members who have not encashed the dividend warrants for the Financial Year 2014-15 and/or any subsequent years are requested to write to the Company.
15. Members are requested to intimate change in their address, if any, to the Company / R & T Agent.
16. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 in respect of the Special Business as set out in the notice is annexed thereto.
17. Notice of 52nd AGM and financial statements (including Board's report, Auditor's report or other documents required to be attached therewith) for FY 2021-22, are being sent only through email to all members as on 26th August, 2022 (i.e. based on Benpose report after the Board Meeting in which notice is approved) on their registered email id with the company and no physical copy of the same would be dispatched. The 52nd Annual Report containing Notice, financial statements and other documents are also available on the website of BSE Limited (www.bseindia.com) and National Stock Exchange of India Limited (www.nseindia.com) where the Company's shares are listed and is also available on the website of the Company (www.oriconenterprises.com). Physical copy of Annual Report will be provided on request made by any member.
18. Members who have not registered their e-mail addresses are requested to register the same in respect of shares held in electronic form with the Depository through their Depository Participant(s) and in respect of shares held in physical form by writing to the Company with details of folio number and attaching a self-attested copy of PAN Card at share@ocl-india.com or to Bigshare Services Private Limited at jibu@bigshareonline.com/ vinod.y@bigshareonline.com

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Management of Oricon Enterprises Limited ("the Company"), presents the analysis of Company for the year ended on March 31, 2022 and its outlook for the future. This outlook is based on assessment of current business environment. It may vary due to future economic and other developments both in India and Abroad.

This Management Discussion and Analysis (MD&A) of Oricon Enterprises Limited for the year ended on March 31, 2022 contains financial highlights but does not contain the complete financial statements of the Company. It should be read in conjunction with the Company's Audited Financial Statements for the year ended on March 31, 2022.

GLOBAL ECONOMY:

The year 2021-22 was a very challenging year with economies around the globe simultaneously facing Covid-19 pandemic, inflationary pressures, supply chain disruptions and geopolitical disturbances. Despite the challenges the global economy as per IMF report grew by 5.9% in 2021 following a contraction of 3.1% in 2020.

Global economic recovery was possible due to vaccination drive, sizeable government spending, stimulus packages and easy money policies of the governments and pent up demand which helped cushion impact of Covid-19 pandemic.

The onset of the Omicron variant of Covid-19 towards the end of calendar 2021 slowed the growth momentum. This coupled with the recent geo-political tensions and Ukraine-Russia conflict has led to increase in energy costs, rise in inflation, supply chain disruptions affecting production of many industries all around. Inflation pressures are forcing the central banks of all major economies to accelerate increase in interest rates thus ending easy money policies.

IMF report in January 2022 projected a global economic growth of 4.4% for calendar 2022. IMF has in April 2022 slashed its world growth forecast to 3.6% in 2022 on account of Russia's invasion of Ukraine and lockdown in China due to resurgence of Covid pandemic virus.

INDIAN ECONOMY:

The Indian Economy witnessed a strong GDP growth of 8.9% in F.Y. 2021-22. Domestic output crossed pre-Covid pandemic levels despite devastating second wave of Covid-19 pandemic in the first quarter of the year which tested country's health infrastructure to its limits. A higher vaccination rate with localized lockdowns led to increased consumer confidence and ensured fast pickup in the domestic economy. Growth was also aided by accommodative RBI policy.

IMF lowered its GDP growth forecast for India to 8.2% for 2022 whereas Reserve Bank of India has lowered its projected GDP growth for F.Y. 2022-23 at 7.2% in view of the headwinds from the geo-political issues causing increase in energy prices, supply chain disruptions, rise in input costs, and rising inflationary pressures in the economy.

A bright spot for the Indian economy is the increase in new start-up ventures and strong investment inflow of FDI. A normal monsoon is projected for 2022-23 which shall help agriculture sector. Announcement of Production Linked Incentive (PLI) scheme by the Government of India is expected to benefit multiple sectors of the economy with increased capacity buildup by the eligible PLI scheme units. The Indian economy shall also benefit from the demographic dividend extended by the young upwardly mobile population. All these augur well for the economic growth of the country in 2022-23.

INDUSTRY STRUCTURE AND DEVELOPMENTS:

The demand for packaging is growing due to the rising population, increasing income levels, changing lifestyles and growing economy. Food & Beverages are one of the growing key segments and will drive the demand for plastic packaging, as it ensures food safety, quality and long shelf life.

The increasing awareness regarding the environmental effect of single-use plastic and unsustainable business practices have empowered consumers to demand a higher standard of products with less environmental impact. The focus is shifting more towards recyclable/reusable plastic packaging products.

COMPANY OVERVIEW & PRODUCTS:

The Company is engaged in the business of manufacturing plastic and metal closures, PET Preforms, Collapsible tubes and Pilfer Proof Caps in the packaging segment and petrochemical products. Since after lockdown due to COVID-19, the demand for plastic closures have shown significant demand as compared to COVID period.

Your Company maintained a positive outlook for its growth plans. With plans to invest further, the Company expects to boost its business during the Financial Year 2022-23. The product wise details of the Company are as below:

1. **Plastic caps and closures:** manufactured by the Company are mainly used in food & beverages industry. Caps and Closures are the final components of packaging and are responsible for maintaining the integrity of the product packing. Caps and closures use PP and HDPE as the primary raw materials for manufacturing. Industries rely heavily on the plastic caps and closures, as they provide a cost-effective sealing solution. The demand for packaged food & beverages has been increasing at a healthy rate and as an impact of this, the caps and closures market is also expected to record an increase in demand in future.

However, this industry is comprehensively dependent on the suppliers of raw materials for manufacturing. PP and PE, which are used as raw materials, have significantly fluctuating costs in the market. The war between Russia and Ukraine led to increase in prices of metals which is basic raw material for our metal closure products leading to increase all commodity prices leading to increase in cost of raw materials. Now the Commodity prices are softening internationally which will have a positive impact.

2. **Preforms:** Keeping in view the increased demands, the Company has increased its capacity of Preforms from current 12000 metric tonnes to 18,000 per year and is expected to increase the capacity further by 5000 metric tones in the near future as per product demand. Factors such as rising applications of PET bottles in the beverage industry in packaged water, juices, flavoured water, functional water, carbonated drinks, and others are boosting the growth of PET bottles market. Furthermore, they are environmentally benign and can be recycled multiple times, therefore lowering their manufacturing costs significantly.
3. **Crown and Pilfer Proof Caps:** Crown Caps demand is majorly driven by the soft drink & beer industry. The demand for Crown caps in the beverage industry has significantly declined due to shift to plastic packaging. The Company has declared lock-out at its Crown and Pilfer Proof Caps manufacturing Plant situated at Murbad, Thane due to exorbitant and unreasonable demands by the Union thereby impacting the production of Crown and Pilfer Proof Caps. However, this will not majorly impact the Company's overall financial performance.
4. **Petrochemicals:** The Company is engaged in manufacturing of mixed pentanes. At present the company has a capacity of processing 9,000 tonnes per annum raw pentane. The demand for the petrochemical products during the financial year has shown significant growth. However, availability of feed stock remains a challenge.
5. **Real Estate:** In terms of Joint Development Agreement and Supplemental Agreement(s) entered into with Indiabulls Infraestate Limited, the Company was allotted 25 Flats admeasuring about 45,206 square feet at Indiabulls Blu, Lower Parel, Mumbai. The Company has sold 11 flats admeasuring about 20,370 square feet till 31st March, 2022 during the financial year. The demand for the real estate is expected to be satisfactory during the Financial Year 2022-23 as the economy is reviving post Covid-19.

OPPORTUNITIES AND THREATS

Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on the verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2022 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance- mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

- A)** We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2022 according to the provisions of (as amended):
- The Companies Act, 2013 (the Act) and the rules made there under;
 - Secretarial Standards issued by the Institute of Company Secretaries of India.
 - Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- B)** In our opinion and as identified and informed by the Management, the following laws are specifically applicable to the company as the Company is engaged in the activity of lighterage, stevedoring and logistics business including the loading and unloading of bulk cargo from or to the mother vessel:
- The Merchant Shipping Act, 1958.
 - Inland Vessel Act, 1917.
 - The Motor Vehicles Act, 1988.
 - Acts as prescribed under Shop and Establishment Act of local authorities.
- C)** During the period under review and as per the explanations and clarifications given to us and the representation made by the management, the company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc as mentioned above, except the following:
- The Index of charges available at website of Ministry of Corporate Affairs does not match with the register of charges maintained by the Company. As informed to us, mismatch is due to merger of certain banks.
- D)** During the period under review, provisions of the following regulations/ guidelines/standards were not applicable to the Company:
- The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
 - The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
 - The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
 - The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992
 - The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
 - The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
 - SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- E)** We further report that the Compliance by the company of applicable Financial Laws like Direct & Indirect Tax Laws, including GST etc., has not been reviewed in this Audit since the same has been subject to review under/by the Statutory Financial Audit and other designated professionals.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act; however, in few instances e-forms were filed late with additional fees.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members view, if any, are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period following events took place having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc.,

1. The Board of Directors in its meeting held on 22.06.2021 decided to sell/transfer the business undertaking of Marine Transport and Logistics as a going concern by way of slump sale for a lump sum consideration. The Company subsequently took the relevant approvals from the shareholders of the Company and its parent company and later sold its Marine Transport and Logistics business to Shreeji Shipping ('Buyer'), a partnership firm from Jamnagar, Gujarat on slump sale basis at a lump sum price of Rs 184.75 crores, after signing a business transfer agreement on 30.07.2021.
2. The Company approved buy back of 10,32,000 fully paid-up equity shares of face value of Rs.10/- each at a price of Rs.715/- per share, in its Extra Ordinary General Meeting held on 26.02.2022, from the existing shareholders on proportionate basis through tender route. The total consideration amount paid to the shareholders was Rs. 73,78,80,000/-. The Buy Back Process including extinguishment of shares was completed on 31.02.2022. The effective subscribed share capital has reduced from Rs. 4,61,87,450 to Rs. 3,58,67,450 after the above Buy Back of Securities.
3. The Board of Directors in its meeting held on 02.02.2022 considered and approved the plan to sell the entire shares held in the Company's wholly owned foreign subsidiary in Sri Lanka, namely USL Lanka Logistics Private Limited. Subsequently, 'Shares Sale-Purchase Agreement' was entered into with the buyers on 28.04.2022 for a consideration of Sri Lankan Rupees (LKR) 1,52,65,000/-.

INDEPENDENT AUDITORS' REPORT

To the Members of
Oricon Enterprises Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Oricon Enterprises Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key audit matter
Evaluation of Provision and Contingent Liabilities : As at the Balance Sheet date, the Company has open litigation and other contingent liabilities as disclosed in note 44 & 65. The assessment of the existence of the present legal or constructive obligation, analysis of the probability or possibility of the related payment require the management to make judgement and estimates in relation to the issues of each matter. The management have made judgements and estimates relating to the likelihood of an obligation arising and whether there is a need to recognize a provision or disclose a contingent liability. Due to the level of judgement relating to recognition, valuation and presentation of provision and contingent liabilities, this is considered to be a key audit matter.	We have reviewed and held discussions with the management to understand their processes to identify new possible obligations and changes in existing obligations for compliance with the requirements of Ind AS 37 on Provisions, Contingent Liabilities and Contingent Assets. We have also discussed with the management significant changes from prior periods and obtained a detailed understanding of these items and assumptions applied. We have held regular meetings with the management and key legal personnel responsible for handling legal matters. In addition, we have reviewed: - the details of the proceedings before the relevant authorities including communication from the advocates / experts; - status of each of the material matters as on the date of the balance sheet. We have assessed the appropriateness of provisioning based on assumptions made by the management and presentation of the significant contingent liabilities in the financial statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon. The Board's Report including Annexures to Board's Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above

when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Board's Report including Annexures to Board's Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe actions applicable in the applicable laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure 'A'**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **Annexure 'B'**. Our report expresses

an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

Annexure A to Independent Auditors' Report of even date on the standalone financial statements of Oricon Enterprises Limited

The Annexure referred to in Independent Auditors' Report to the members of the Company on the standalone financial statement for the year ended March 31, 2022. We report that:

- i) a) A) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
 - B) The Company has maintained proper records showing full particulars of intangible assets.
- b) The Company has a programme of physical verification of its Property, Plant and Equipment by which all Property, Plant and Equipment are verified in a phased manner. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its business. In accordance with the said programme, certain Property, Plant and Equipment were physically verified by the management and no material discrepancies were noticed on such verification.
- c) According to the information and explanations given to us and on the basis of our examination of the records of the Company the title deeds of immovable properties, as disclosed in financial statements, are held in the name of the Company.
- d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year except for the revaluation of its freehold land. The revaluation is based on the valuation by a Registered Valuer. The change is less than 10% in the aggregate of the net carrying value of class Freehold Land.
- e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii) (a) The management has conducted physical verification of the inventory at reasonable intervals, except material/goods in transit and stocks lying with third parties and in bonded warehouse, which are verified with reference to the certificates obtained and / or subsequent clearance of goods. In our opinion, the frequency of physical verification is reasonable. No material discrepancies were noticed on physical verification between the physical stock and book records.

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the differences between the quarterly returns or statements (comprising stock statements, book debt statements and other stipulated financial information) filed by the Company with such banks or financial institutions and the unaudited books of account of the Company of the respective quarters were not material (Refer Note No. 66(ii) of the standalone financial statements).
- iii) During the year, the Company has made investments in, provided any guarantee or security or granted any loans, secured and unsecured loans to companies and any other parties, in respect of which:
- (a) (A) The aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such loans and guarantees to subsidiary are given as under:

- viii) According to the information and explanations given to us and based on the audit procedures performed by us, we report that there were no transactions which were not recorded in the books of account have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us and based on the audit procedures performed by us, we report that the Company is not declared as wilful defaulter by any bank or financial institution or other lender.
- (c) In our opinion and according to the information and explanations given to us, the Company has utilised the money obtained by way of term loans during the year for the purposes for which they were obtained.
- (d) According to the information and explanations given to us and the procedures performed by us and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries. Accordingly, paragraph 3(ix)(e) of the Order is not applicable to the Company.
- (f) According to the information and explanations given to us and the records of the Company examined by us, the Company has not raised any loans on the pledge of securities held in its subsidiary during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable to the Company.
- x) (a) During the year, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments). Accordingly, reporting under paragraph 3(x)(a) of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us and procedures performed by us, we report that the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, reporting under paragraph 3(x)(b) of the Order is not applicable to the Company.

- xi) (a) Based on the audit procedures performed for the purpose of reporting the true and fair view of the Standalone Financial Statements and as per the information and explanations given by the management, we report that no fraud by the Company or any fraud on the Company has been noticed or reported during the year.
- (b) During the year no report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) According to the information and explanations given to us and procedures performed by us, we report that no whistle-blower complaints were received during the year by the Company.
- xii) According to the information and explanations given to us and on the basis of examination of books of account and records of the Company, we report that the Company is not a Nidhi Company within the meaning of Section 406 of the Act. Accordingly, reporting under paragraph 3(xii)(a) to (c) of the Order is not applicable to the Company.
- xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and section 188 of the Act, where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv) (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and nature of its business.
- (b) The reports of the Internal Auditors for the period under audit have been considered by us in determining the nature and extent of any audit procedures.
- xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with any of the directors or persons connected with him. Accordingly, the provisions section 192 of the Act are not applicable to the Company.
- xvi) (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) As per the information and explanation, given to us there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii) On the basis of examination of books of account and records of the Company and overall examination of the standalone financial statements, we report that the Company has not incurred cash losses in the financial year 2021-22 or in the immediately preceding financial year 2020-21.
- xviii) There has been no resignation of the statutory auditors of the Company during the year.
- xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx) (a) According to the information and explanations given to us, there are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- (b) According to the information and explanations given to us, there is no amount remaining unspent under sub-section (5) of section 135 of the Companies Act, pursuant to any ongoing project, has been transferred to special account in compliance with the provision of sub-section (6) of section 135 of the said Act;

Annexure B to the Independent Auditor's Report of Even Date on the Standalone Financial Statements of Oricon Enterprises Limited**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act**

We have audited the internal financial controls over financial reporting of Oricon Enterprises Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

 - Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
 - If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
 - Financial Ratios to be disclosed along with explanation with respect to items included in numerator and denominator.
 - Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.
 - Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the standalone financial statements.

The Company will evaluate the above and give effect as required by law.

3. Significant accounting policies

3.1. Basis of preparation

3.1.1. Compliance with Ind AS

The Standalone Financial Statements have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2014.

3.1.2. Historical Cost Convention

The Standalone Financial Statements have been prepared on the historical cost basis except for the followings:

- A) Certain financial assets and liabilities and contingent consideration that is measured at fair value;
- B) Assets held for sale measured at fair value less cost to sell;
- C) Defined benefit plans plan assets measured at fair value; and
- D) Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

3.2. Business combinations

Business combinations (except for Business Combinations under Common Control) are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and

the amount of any non controlling interests in the acquiree. For each business combination, the Company elects whether to measure the non controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognized and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.
- Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 'Non-current Assets Held for Sale and Discontinued Operations' are measured in accordance with that Standard

When the Company acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognized in profit or loss or OCI, as appropriate.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, then the gain is recognized in OCI and accumulated in equity as capital reserve.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses..

Goodwill is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. Any impairment loss for goodwill is recognized in profit or loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

Business Combination under Common control

A business combination involving entities or businesses under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and the control is not transitory. The transactions between entities under common control are specifically covered by Appendix C to Ind AS 103 and are accounted for using the pooling-of-interest method as follows:

- The assets and liabilities of the combining entities are reflected at the carrying amounts.
- No adjustments are made to reflect fair values, or recognize new assets or liabilities. Adjustments are made to harmonize significant accounting policies.
- The financial information in the financial statements in respect of prior periods is restated as if the business combination has occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of the combination.

The balance of the retained earnings appearing in the financial statements of the transferor is aggregated with the corresponding balance appearing in the financial statements of the transferee. The identity of the reserves is preserved and the reserves of the transferor become the reserves of the transferee.

The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves.

3.3. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle
- b) Held primarily for the purpose of trading, or
- c) Expected to be realised within twelve months after the reporting period other than for (a) above, or

- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

- e) Current assets also include the current portion of non-current financial assets.

All other assets are classified as non-current.

A liability is current when:

- a) It is expected to be settled in normal operating cycle
- b) It is held primarily for the purpose of trading
- c) It is due to be settled within twelve months after the reporting period other than for (a) above, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

Operating cycle: - Based on the nature of services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current – non-current classification of assets and liabilities.

3.4. Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

The Company categorizes assets and liabilities measured at fair value into one of three levels as follows:

Level 1 — Quoted (unadjusted)

This hierarchy includes financial instruments measured using quoted prices.

Level 2

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 2 inputs include the following:

- a) quoted prices for similar assets or liabilities in active markets.
- b) quoted prices for identical or similar assets or liabilities in markets that are not active.
- c) inputs other than quoted prices that are observable for the asset or liability.
- d) Market – corroborated inputs.

Level 3

They are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Company's assumptions about pricing by market participants. Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

3.5. Investments in subsidiaries, associates and joint ventures

The Company records the investments in subsidiaries, associates and joint ventures at cost.

When the Company issues financial guarantees on behalf of subsidiaries, initially it measures the financial guarantees at their fair values and subsequently measures at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

The Company records the initial fair value of financial guarantee as deemed investment with a corresponding liability recorded as deferred revenue. Such deemed investment is added to the carrying amount of investment in subsidiaries.

Deferred revenue is recognized in the Statement of Profit and Loss over the remaining period financial guarantee issued.

3.6. Non-current assets held for sale

Non-current assets & disposal Company's classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

3.7. Property, plant and equipment

Property, Plant and Equipment and intangible assets are not depreciated or amortized once classified as held for sale.

PPE (except for land of Oricon Enterprises Limited which is valued at fair value) are stated at actual cost less accumulated depreciation and impairment loss. Actual cost is inclusive of freight, installation cost, duties, taxes and other incidental expenses for bringing the asset to its working conditions for its intended use (net of recoverable from tax authorities) and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the Management. Custom duty obligation on import of capital goods which is discharged through duty credit available under DEPB, SHIS (Status Holder Incentive Scrip) and other licenses purchased from third parties/other exporters is capitalized at the amounts paid to such parties for acquisition/transfer of the said licenses. It includes professional fees and borrowing costs for qualifying assets. Significant Parts of an item of PPE (including major inspections) having different useful lives & material value or other factors are accounted for as separate components. All other repairs and maintenance costs are recognized in the statement of profit and loss as incurred.

Depreciation of these PPE commences when the assets are ready for their intended use.

The Company provides depreciation on Plant and Machineries on straight line method and on other assets on written down value method using the limits specified in Schedule II of the Companies Act, 2013 except for in case of Building, Residential Flats and Plant & Machinery for Petrochemical Division, the depreciation is provided based on the management estimate of the useful life which is different from that prescribed in Schedule II of the Companies Act, 2013, details of which are as given below:

Premium on leasehold land is amortised over the unexpired period of the lease.

Advances paid towards the acquisition of fixed assets, outstanding at each balance sheet date and the cost of the fixed asset not ready for its intended use on such date, are disclosed under capital advances (Long-term advances) and capital work-in-progress.

The estimated useful lives and residual values are reviewed on an annual basis and if necessary, changes in estimates are accounted for prospectively.

Depreciation on subsequent expenditure on PPE arising on account of capital improvement or other factors is provided for prospectively over the remaining useful life.

The useful life of property, plant and equipment are as follows:

Assets	Management Estimate of Useful Life in Years	Useful life as per the limits prescribed in Schedule II of the Companies Act, 2013 in Years
Buildings	61.35 Years	60 Years
Residential Flats	61.35 Years	60 Years
Plant & Machinery for Petrochemical Division	21 Years	25 Years
License fees (for the manufacture of metal twist - Off Closures)	10 Years	10 Years

This is based on the consistent practices followed, past experience, internal assessment and duly supported by technical advice.

In case of "packaging division" wherein depreciation is provided based on the estimated useful lives of the plant and machinery so acquired, determined by the Company's Management based on the technical evaluation by a certified valuer conducted at the time of the business purchase. The estimated useful life of acquired plant and machinery ranges from 2 to 18 years.

Depreciation for assets purchased / sold during a period is proportionately charged.

Property, Plant & Equipment whose aggregate cost is Rs. 5,000 or less are depreciated fully in the year of acquisition.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets or over the shorter of the assets useful life and the lease term if there is an uncertainty that the company will obtain ownership at the end of the lease term.

An item of PPE is de-recognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

Intangible assets

(i) Recognition of intangible assets

Computer software

Purchase of computer software used for the purpose of operations is capitalized. However, any expenses on software support, maintenance, upgrade etc. payable periodically is charged to the Statement of Profit & Loss. Software are amortised on straight line basis based on the useful life of 3 to 10 years, which in management's estimate represents the period during which economic benefits will be derived from their use.

(ii) De-recognition of intangible assets

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, and are recognized in the Statement of Profit and Loss when the asset is derecognized.

Intangible assets under development

All costs incurred in development, are initially capitalized as Intangible assets under development - till the time these are either transferred to Intangible Assets on completion or expensed as Software Development cost (including allocated depreciation) as and when determined of no further use.

Investment Property:

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its investment property recognised as at April 1, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the investment property.

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs.

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

Investment properties are depreciated using the straight line method over their estimated useful lives which are 60 years.

3.8. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity

3.8.1. Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories based on business model of the entity:

- Debt instruments at amortized cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investments (Other than Investment in Subsidiary, Associate & Joint Venture)

All equity investments are measured at fair value. Equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. This amount is not recycled from OCI to P & L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity Investments (in subsidiary, associate and joint venture)

Investment in subsidiary is carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. The accounting policy on impairment of non-financial assets is disclosed in Note 3.9. On disposal of investments in subsidiary, associate and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the statement of profit and loss.

De-recognition

A financial asset is de-recognized only when

The Company has transferred the rights to receive cash flows from the financial asset or

retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, it evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognized.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of Impairment loss on the following financial assets and credit risk exposure:

- a. Financial assets that are debt instruments, and are measured at amortized cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b. Financial assets that are debt instruments and are measured as at FVTOCI
- c. Lease receivables under Ind AS 17
- d. Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18
- e. Loan commitments which are not measured as at FVTPL
- f. Financial guarantee contracts which are not measured as at FVTPL

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

Trade receivables or contract revenue receivables; & All lease receivables resulting from transactions within the scope of Ind AS 17

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L).

3.8.2 Financial liabilities

Financial liabilities and equity instruments issued by the company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Initial recognition and measurement

Financial liabilities are recognised when the company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial period which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Financial guarantee contracts

Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

3.9 Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Companies of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

Impairment losses of continuing operations, including impairment on inventories, are recognized in the statement of profit and loss.

A previously recognized impairment loss (except for goodwill) is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited to the carrying amount of the asset.

3.10. Inventories

Inventory includes raw materials and components, work-in-progress and manufactured finished goods. Inventories are valued at the lower of cost and net realizable value.

Costs incurred in bringing each product to its present location and conditions are accounted for as follows:

- Raw materials are valued at cost (net of net of tax recoveries) or net realisable value whichever is lower. Cost is ascertained on first in first out (FIFO) basis except in case of raw material liquid colorant where cost is determined on the basis of weighted average method.
- Finished goods and work in process inventory are valued at cost or net realisable value whichever is lower.
- Stocks of Shares are valued at cost or market value whichever is lower.
- Fuel, Stores, Spares and Consumables are valued at weighted average cost or net realisable value whichever is lower.

- Land transfer from property plant and equipment to inventory is valued at carrying amount appearing in its financial statements or fair value, whichever is lower.

3.11 Cash and Cash Equivalent

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts/cash credit as they are considered an integral part of the Company's cash management.

3.12 Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement:

The uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The purchase contracts that meet the definition of a derivative under Ind AS 109 are recognised in the statement of profit and loss. Commodity contracts that are entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the expected purchase, sale or usage requirements are held at cost.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or nonfinancial liability.

For the purpose of hedge accounting, hedges are classified as:

- Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability or an unrecognised firm commitment.
- Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment.
- Hedges of a net investment in a foreign operation.

At the inception of a hedge relationship, the formally designates and documents the hedge relationship to which the wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

i. Fair value hedges

The change in the fair value of a hedging instrument is recognised in the statement of profit and loss as finance costs. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognised in the statement of profit and loss as finance costs.

For fair value hedges relating to items carried at amortised cost, any adjustment to carrying value is amortised through profit or loss over the remaining term of the hedge using the EIR method. EIR amortisation may begin as soon as an adjustment exists and no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged.

If the hedged item is derecognised, the unamortised fair value is recognised immediately in profit or loss. When an unrecognised firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognised as an asset or liability with a corresponding gain or loss recognised in profit and loss.

ii. Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised in OCI in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the statement of profit and loss.

The uses forward currency contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments, as well as forward commodity contracts for its exposure to volatility in the commodity prices. The ineffective portion relating to foreign currency contracts is recognised in finance costs and the ineffective portion relating to commodity contracts is recognised in other income or expenses.

Amounts recognised as OCI are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast sale occurs. When the hedged item is the cost of a non-financial asset or non-financial liability, the amounts recognised as OCI are transferred to the initial carrying amount of the non-financial asset or liability.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognised in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

iii. Hedges of a net investment

Hedges of a net investment in a foreign operation, including a hedge of a monetary item that is accounted for as part of the net investment, are accounted for in a way similar to cash flow hedges. Gains or losses on the hedging instrument relating to the effective portion of the hedge are recognised as OCI while any gains or losses relating to the ineffective portion are recognised in the statement of profit or loss. On disposal of the foreign operation, the cumulative value of any such gains or losses recorded in equity is reclassified to the statement of profit or loss (as a reclassification adjustment).

3.13 Revenue recognition

Effective April 1, 2018, the Company has adopted Ind AS 115, Revenue from contracts with customers using the modified retrospective transition approach, which is applied to contracts that were not completed as of April 1, 2018.

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of allowances, incentives, service taxes and amounts collected on behalf of third parties.

- Sale of Goods and Rendering of Service

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. Sales include excise duty recoverable. Liquidated damages are accounted for as and when they are ascertained.

Revenue from services is recognized on rendering of services to the customers. Revenue is recorded exclusive of taxes.

- Dividend Income

Dividend income is recognized when right to receive is established.

- Interest income

For all debt instruments measured either at amortized cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR).

Whereas for Fixed deposits, the same is recorded on time proportion basis.

3.14. Leases

The Company leases primarily consist of leases for premises. The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the date of commencement of the lease, the Company recognizes a ROU and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and/or low value leases, the Company recognises the lease payments as an operating expense on a straight-

line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Currently, ROU assets are being amortised over a period based on lease term being lower of lease term and estimated useful life of underlying assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing activities in statement of cash flows.

As a lessor

Lease income from operating leases where the Company is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

3.15. Foreign currency transactions

The functional currency of the Company is Indian Rupees which represents the currency of the economic environment in which it operates.

Transactions in currencies other than the Company's functional currency are recognized at the rates of exchange prevailing at the dates of the transactions. Monetary items denominated in foreign currency at the year end and not covered under forward exchange contracts are translated at the functional currency spot rate of exchange at the reporting date.

Any income or expense on account of exchange difference between the date of transaction and on settlement or on translation is recognized in the profit and loss account as income or expense.

Non monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation difference on such assets and liabilities carried at fair value are reported as part of fair value gain or loss.

In case of forward exchange contracts, the premium or discount arising at the inception of such contracts is amortized as income or expense over the life of the contract. Further exchange difference on such contracts i.e. difference between the exchange rate at the reporting /settlement date and the exchange rate on the date of inception of contract/the last reporting date, is recognized as income/expense for the period.

Effective April 1, 2018 the company has adopted Appendix B to Ind AS 21- Foreign Currency Transactions and Advance Consideration which clarifies the date of transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income when an entity has received or paid advance consideration in a foreign currency. The effect on account of adoption of this amendment was insignificant.

3.16 Employee Benefits

Short term employee benefits:-

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

These benefits include compensated absences such as privilege leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense as the related service is rendered by employees.

Post-employment obligations

i. Defined contribution plans

Provident Fund and employees' state insurance schemes

The Company's contributions towards provident fund, employee state insurance and superannuation fund are defined contribution schemes. The Company's contribution paid/payable under the schemes is recognised as expense in the statement of profit and loss during the period in which the employee renders the related service.

ii. Defined benefit plans

Gratuity

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance Sheet date.

Actuarial gains and losses are recognized in OCI as and when incurred.

Compensated absences

Long term employee benefits comprise of compensated absences. These are measured based on an actuarial valuation carried out by an independent actuary at each Balance sheet date unless they are insignificant. Actuarial gains and losses and past service costs are recognised immediately in the statement of profit and loss.

Termination benefits

Termination benefits are recognized as an expense in the period in which they are incurred.

3.17. Debenture issue expenses

Debentures issue expenses are adjusted against securities premium.

3.18. Government Grants

Special Capital Incentives received for setting up a unit in backward area is treated as capital reserve.

3.19. Export incentives

The unutilised Export benefits / incentives against Export as on the Balance Sheet date are recognised as Income of the year.

3.20. Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying asset are capitalized as part of cost of such asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds.

3.21. Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

Contingent liabilities are disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

3.22. Cash Flow Statement

Cash flows are reported using the indirect method. The cash flows from operating, investing and financing activities of the Company are segregated.

3.23. Earnings per share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

3.24. Income taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses, if any.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Standalone Financial Statement. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period and are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Dividend distribution tax paid on the dividends is recognized consistently with the presentation of the transaction that creates the income tax consequence.

3.25 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

3.26 Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 01, 2022, as below:

1. Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

2. Ind AS 16 – Proceeds before intended use

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

3. Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

4. Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

5. Ind AS 106 – Annual Improvements to Ind AS (2021)

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its financial statements.

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
Basic and Diluted Earnings per share		
a) Profit after taxation from Continuing Operations (Rs. in Lakhs)	15,686.95	897.18
b) Weighted average number of equity shares Outstanding during the year	15,70,47,715	15,70,47,715
Basic and Diluted Earnings per share (a/b)	9.99	0.57
Face Value per share	2.00	2.00

Basic earning per share is calculated by dividing the Profit/(loss) for the year attributable to ordinary equity share holders of the company by weighted average number of ordinary shares outstanding during the year.

Diluted earning per share are calculated by dividing the Profit/(loss) attributable to ordinary equity holders of the company by the weighted average number of ordinary share outstanding during the year plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

During the year, the company does not have any outstanding dilutive potential equity shares. Consequently, the basic and diluted earning per share of the company remains the same.

41 Critical accounting estimates and judgments

The preparation of restated financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involves a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgments are:

1. Estimation of useful life of tangible asset and intangible asset (Note 4&7)
2. Recognition of deferred tax asset (Note 24)
3. Estimation of defined benefit obligation (Note 42)
4. Estimation of contingent liabilities and commitments (Note 44)
5. Impairment of assets
6. Recoverability of Trade Receivables (Note 52D)

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

52 Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables and cash and cash equivalents that derive directly from its operations.

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Company's senior management has the overall responsibility for the establishment and oversight of the Company's risk management framework.

(A) Management of Liquidity Risk

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions.

The following table shows the maturity analysis of the company financial liabilities based on contractually agreed undiscounted cash flows as at the Balance Sheet date.

(B) Commodity Risk

i) Rate Risk

The operating activities involve purchase of raw materials such as Mix Pentane, Pet Resign, Tin free steel/Tin plate, Aluminium sheet/Slug/Ingots, Polymers whose prices are exposed to the risk of fluctuation over short periods of time. Commodity price risk exposure is evaluated and managed through procurement and other related operating policies. As of March 31, 2022 and March 31, 2021, the above Company had not entered into any material derivative contracts to hedge exposure to fluctuations in commodity prices.

ii) Product Substitution Risk

Company manufactures closures, such as crown caps and plastic caps for bottles and containers for beverages, liquor, food products, and pharmaceuticals. Company's scale of operations may witness a decline, if there is a significant shift towards newer packaging products, such as tetra packs, sachets, strips, and other flexible packaging, by end-user industries.

Demand for crown caps is going down due to soft drink industry gradually shifting from glass bottles to pet bottles. This has reduced our Crown sales but simultaneously increases our plastic closure offtake.

(C) Management of Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits, FVTOCI investments.

The sensitivity analyses in the following sections relate to the position as at March 31, 2022 and March 31, 2021.

POTENTIAL IMPACT OF RISK	MANAGEMENT POLICY	SENSITIVITY TO RISK
1. Price Risk		
The Group is mainly exposed to the price risk due to its investment in equity. The price risk arises due to uncertainties about the future market values of these investments.	In order to manage its price risk arising from investments, the Company diversifies its portfolio in accordance with the limits set by the risk management policies.	As an estimation of the approximate impact of price risk investments in equity of the Company has calculated the impact as follows.
At March 31, 2022, the exposure to price risk due to investment in equity instruments amounted to Rs.17549.07 Lakhs (March 31, 2021: Rs.6361.79 Lakhs).	The use of any new investment must be approved by the and Executive Director Chief Financial Officer.	For equity instruments, a 10% increase in prices would have led to approximately Rs.1754.91 Lakhs gain in the other comprehensive income (March 31, 2021 : Rs. 636.18 Lakhs). A 10% decrease in prices would have led to an equal but opposite effect.
2. Interest Rate Risk		
Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.	In order to manage its interest rate risk The Company diversifies its Debt profile in accordance with the risk management policies.	As an estimation of the approximate impact of the interest rate risk, with respect to financial instruments, the Company has calculated the impact of a 1% change in interest rates.

Notes to Standalone Financial Statements for the year ended March 31, 2022

2. Interest Rate Risk (Continued...)

POTENTIAL IMPACT OF RISK	MANAGEMENT POLICY	SENSITIVITY TO RISK
The Company has Cash credit and working capital demand loan from banks amounting to Rs.1833.86 Lakhs as at March 31, 2022 (March 31, 2021 : Rs. 1722.93 Lakhs)		A 100 bps increase in interest rates would have led to approximately an additional Rs.18.34 lakhs loss for year ended March 31, 2022 (March 31, 2021 : Rs. 17.23 Lakhs) due to additional interest cost. A 100 bps decrease in interest rates would have led to an equal but opposite effect.
The Company has Foreign currency buyers credit with Banks amounting to Rs.4838.49 Lakhs as at March 31, 2022 (March 31, 2021 : 7070.50 Lakhs)		A 1% increase in interest rates would have led to approximately an additional Rs.48.38 Lakhs loss for year ended March 31, 2022 (March 31, 2021 : 70.71 Lakhs) due to additional interest cost. A 1% decrease in interest rates would have led to an equal but opposite effect.

3. Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is subject to the risk that changes in foreign currency values impact the Company's exports revenue and imports of raw material and property, plant and equipment. As at March 31, 2022, the net unhedged exposure to the Company on holding financial assets (trade receivables) and liabilities (trade payables) other than in their functional currency - Refer note 54.	The Company is exposed to foreign exchange risk arising from US Dollar, Euro , GBP, AUD and Dirham.	A 500 bps weakening of INR would have led to approximately an additional Rs. 183.12 Lakhs loss for year ended March 31, 2022 (March 31, 2021 : Rs. 300.07 Lakhs). A 500 bps strengthening of INR would have led to an equal but opposite effect.
---	---	---

(D) Management of Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and other financial instruments.

Credit evaluation is periodically performed on the Financial condition of accounts receivables.

Trade Receivables :

The Company provides for expected credit loss on trade receivables based on a provision matrix. This matrix is a simplified basis of recognition of expected credit losses in case of trade receivables. The model uses historical credit loss experience for trade receivables.

Notes to Standalone Financial Statements for the year ended March 31, 2022

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the management in accordance with the Company's policy. Counterparty credit limits are reviewed by the management on an annual basis, and may be updated throughout the year. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

(E) Capital management

The Company's objective to manage its capital is to ensure continuity of business while at the same time provide reasonable returns to its various stakeholders but keep associated costs under control. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

In order to achieve this, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic investments.

Apart from internal accrual, sourcing of capital is done through borrowing, both short term and long term. The Board of Directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position.

The Company monitors capital using a ratio of 'adjusted net debt' to 'total equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings, less cash and cash equivalents, other bank balances and current investments.

(B) Fair value hierarchy

Fair Value Hierarchy and valuation technique used to determine fair value

(A) As at March 31, 2022

(₹ In Lakhs)

Financial Assets measured at Fair Value - recurring fair Value measurements at March 31, 2022	Level 1	Level 2	Level 3
Financial instrument measured at FVTPL Mutual Fund	-	-	-
Financial instrument measured at FVTOCI Equity Instrument	17,549.07	-	-

(B) As at March 31, 2021

(₹ in Lakhs)

Financial Assets measured at Fair Value - recurring fair Value measurements at March 31, 2021	Level 1	Level 2	Level 3
Financial instrument measured at FVTPL Mutual Fund	-	-	-
Financial instrument measured at FVTOCI Equity Instrument	6,361.79	-	-

The fair value of financial instruments referred above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The categories used are as follows :

Level 1: hierarchy includes financial instruments measured using quoted prices. This includes equity instruments and mutual funds that have a quoted price. The mutual funds are valued using the closing NAV and equity instruments are valued at share price as at reporting date.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

There were no transfers between levels 1 and 2 during the year ended March 31, 2022 and March 31, 2021. "

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities which are included in level.

INDEPENDENT AUDITORS' REPORT

**To the Members of
Oricon Enterprises Limited**

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Oricon Enterprises Limited** (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), an associate and a jointly controlled entity and, which comprise the consolidated balance sheet as at March 31, 2022, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries, an associate and jointly controlled entity as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associate and jointly controlled entity as at March 31, 2022, of its consolidated profit and total comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associate and jointly controlled entity in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Act. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph (a) & (b) of the Other Matters paragraph below is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

We draw attention to the Note 15(a) in the consolidated financial statements, in respect of a subsidiary, namely, United Shippers Limited, the other auditors have drawn emphasis of matter in their report in respect of trade receivable amounting to Rs.199.23 lakhs due from Essar Power Gujarat Limited (EPGL) which is

outstanding for more than three years as on the reporting date and there is no recovery against these receivables till the date of audit. However, the management believes that the amount will be recovered in full and no provision is required.

Our opinion is not modified in respect of above matter.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How our audit addressed the key audit matter
Evaluation of Provision and Contingent Liabilities: As at the Balance Sheet date, the Company has open litigation and other contingent liabilities as disclosed in note 48 & 76. The assessment of the existence of the present legal or constructive obligation, analysis of the probability or possibility of the related payment require the management to make judgement and estimates in relation to the issues of each matter. The management have made judgements and estimates relating to the likelihood of an obligation arising and whether there is a need to recognize a provision or disclose a contingent liability. Due to the level of judgement relating to recognition, valuation and presentation of provision and contingent liabilities, this is considered to be a key audit matter.	We have reviewed and held discussions with the management to understand their processes to identify new possible obligations and changes in existing obligations for compliance with the requirements of Ind AS 37 on Provisions, Contingent Liabilities and Contingent Assets. We have also discussed with the management significant changes from prior periods and obtained a detailed understanding of these items and assumptions applied. We have held regular meetings with the management and key legal personnel responsible for handling legal matters. In addition, we have reviewed: - the details of the proceedings before the relevant authorities including communication from the advocates / experts; - status of each of the material matters as on the date of the balance sheet. We have assessed the appropriateness of provisioning based on assumptions made by the management and presentation of the significant contingent liabilities in the financial statements.

Information Other than the Consolidated Financial Statements and Auditors' Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' Report, Management Discussion and Analysis Report and Report on Corporate Governance but does not include the Consolidated financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the reports containing the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group including its associate and jointly controlled entity in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group, its associate and jointly controlled entity are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the companies included in the Group, its associate and jointly controlled entity are responsible for assessing the ability of each company to continue

as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of jointly controlled entity is responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(f) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and such companies incorporated in India which are its subsidiary companies have adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in

the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group (Company and its subsidiaries) as well as its associate and jointly controlled entity to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group, its associate and jointly controlled entity to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in sub-paragraph (a) & (b) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of

the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a) We did not audit the consolidated financial statements of a subsidiary whose financial statements reflect total assets of Rs. 39098.34 lakhs as at March 31, 2022, total revenue of Rs. 10582.01 lakhs, total net loss after tax of Rs. 3948.51 lakhs and total comprehensive loss of Rs. 3423.97 lakhs for the year ended March 31, 2022 and net cash outflows amounting to Rs. 1826.30 lakhs for the year ended on that date, as considered in the consolidated financial statements. These consolidated financial statements of the said subsidiary have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated financial statements insofar as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-section (3) of Section 143 of the Act including report on Other information insofar as it relates to the aforesaid subsidiary is based solely on the reports of the other auditors.

The consolidated financial statements also include the Group's share of total comprehensive income of Rs. Nil for the year ended March 31, 2022 as considered in the consolidated financial statements, in respect of a jointly controlled entity whose financial statements have not been audited by us. Further, the consolidated financial statement also include the Group's share of net profit of Rs. 9.10 lakhs for the year ended March 31, 2022 as considered in consolidated statement, in respect of associate company, whose financials statement have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated financial statements insofar as it relates to the amounts and disclosures included in respect of this subsidiaries, jointly controlled entity and associate company and our report in terms of sub-section (3) of Section 143 of the Act including report on Other information insofar as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on other legal and regulatory requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

- A. As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on separate financial statements of such subsidiaries and jointly controlled entity as were audited by other auditors, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive Income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - The matter described in the Emphasis of Matter paragraph above, in our opinion, may have an adverse effect on the functioning of the Group;
 - On the basis of the written representations received from the directors of the Holding Company as on March 31, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**".
 - With respect to the matter to be included in the Auditor's report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of such subsidiary companies and jointly controlled entity incorporated in India which were not audited by us, the remuneration paid during the current year by the Holding Company and its subsidiary companies to its

directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary companies is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries, as noted in the 'Other Matters' paragraph:
- The consolidated financial statements disclose the impact of pending litigations as at March 31, 2022 on the consolidated financial position of the Group. Refer Note 73 & 76 to the consolidated financial statements.
 - The Group did not have any long term contracts including derivatives contracts for which there were any material foreseeable losses Refer Note 74 to the consolidated financial statements.
 - During the year ended March 31, 2022, there has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India. Refer Note 75 to the consolidated financial statements.
 - The Holding Company's Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - The Holding Company's Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Holding Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

e) The dividend declared or paid during the year by the Holding Company is in compliance with Section 123 of the Act.

(a) The final dividend proposed in the previous year, declared and paid by the Holding Company during the year is in accordance with Section 123 of the Act, as applicable.

(b) The Board of Directors of the Holding Company have proposed final dividend for the year, which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.

C. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/"CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company, we report:

Annexure A to the Independent Auditors' Report on the consolidated financial statements of Oricon Enterprises Limited for the year ended March 31, 2022

(Referred to in paragraph A(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

In conjunction with our audit of the consolidated financial statements of **Oricon Enterprises Limited** (hereinafter referred to as "the Holding Company") as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company, its subsidiary companies and its associate company which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary companies and its associate company, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls over financial reporting is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating

effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary companies incorporated in India in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial controls with Reference to Consolidated Financial Statements

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial controls with Reference to consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at March 31, 2022, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Other Matters

- a) Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to consolidated financial statements insofar as it relates to three subsidiary companies, which are companies incorporated in India, is based on the corresponding standalone / consolidated reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of this matter.

- b) Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to consolidated financial statements insofar as it relates to an associate company, which is company incorporated in India, is based on the report of the auditor of such company incorporated in India.

Our opinion is not modified in respect of this matter.

Notes to the consolidated financial statements for the year ended March 31, 2022

1. Corporate information

Oricon Enterprises Limited was incorporated on December 7, 1968. The Company is engaged in the business of manufacturing petrochemical products, trading, liquid colorants, preform, metal, plastic closures and real estate.

The registered office of the company is located at 1076, Dr E Moses Road, Worli, Mumbai 400018 and the Company's manufacturing units are situated at Murbad, Goa, Khapoli ad Khurda (Odisha).

The Company is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).

The financial statements are approved for issue by the Company's Board of Directors on May 30, 2022.

The consolidated financial statement relates to the Parent Company, its subsidiary companies, jointly controlled entity and associate (collectively referred to as "the Group").

2. SUMMARY OF BASIS OF COMPLIANCE, BASIS OF PREPARATION AND PRESENTATION, CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGMENTS AND SIGNIFICANT ACCOUNTING POLICIES

2.1 Basic of Compliance

In accordance with the notification issued by the Ministry of Corporate Affairs, the Group has adopted Indian Accounting Standards (referred to as "Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2014 with effect from April 1, 2016.

2.2 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is treated as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle
- b) Held primarily for the purpose of trading, or
- c) Expected to be realised within twelve months after the reporting period other than for (a) above, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- a) It is expected to be settled in normal operating cycle
- b) It is held primarily for the purpose of trading
- c) It is due to be settled within twelve months after the reporting period other than for (a) above, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

Operating cycle: - Based on the nature of services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current – noncurrent classification of assets and liabilities.

2.3 Basis of preparation and presentation

These consolidated financial statements have been prepared in accordance with the historical cost basis, except as disclosed in the accounting policies below, and are drawn up in accordance with the provisions of the Companies Act, 2013 and Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets that are measured at fair value, and
- defined benefit plans - plan assets measured at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

2.4. Principles of consolidation and equity accounting

(i) Subsidiaries

Subsidiaries are all entities over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the group.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Inter-company transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

(ii) Joint Arrangements

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement.

The Group has only joint ventures.

Interests in joint ventures are accounted for using the equity method (see (iv) below), after initially being recognised at cost in the consolidated balance sheet.

(iii) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post - acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

The carrying amount of equity accounted investment are tested for impairment in accordance with the policy described in note 2.9 below.

(iv) Changes in ownership interests

The group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to statement of profit or loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

The Group has recorded changes in ownership interests before April 1, 2016 i.e. date of transition to Ind AS as per the Previous GAAP. The Group has selected to measure its investments in joint ventures, associates and subsidiaries at the Previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS i.e., April 1, 2016.

2.5 Business combinations

Business combinations (except for Business Combinations under Common Control) are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non controlling interests in the acquiree. For each business combination, the Company elects whether to measure the non controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognized and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.
- Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 'Non-current Assets Held for Sale and Discontinued Operations' are measured in accordance with that Standard

When the Company acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognized in profit or loss or OCI, as appropriate.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, then the gain is recognized in OCI and accumulated in equity as capital reserve.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses.

Goodwill is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. Any impairment loss for goodwill is recognized in profit or loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

Business Combination under Common control

A business combination involving entities or businesses under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and the control is not transitory. The transactions between entities under common control are specifically covered by Appendix C to Ind AS 103 and are accounted for using the pooling-of-interest method as follows:

- The assets and liabilities of the combining entities are reflected at the carrying amounts.

- No adjustments are made to reflect fair values, or recognize new assets or liabilities. Adjustments are made to harmonize significant accounting policies.

- The financial information in the financial statements in respect of prior periods is restated as if the business combination has occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of the combination.

The balance of the retained earnings appearing in the financial statements of the transferor is aggregated with the corresponding balance appearing in the financial statements of the transferee. The identity of the reserves is preserved and the reserves of the transferor become the reserves of the transferee.

The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves.

2.6 Property, plant and equipment

Property, Plant and Equipment and intangible assets are not depreciated or amortized once classified as held for sale.

For transition to Ind AS, the Company has elected to continue with the carrying value of its Property, Plant and Equipment (PPE) recognized as of April 1, 2016 (transition date) measured as per the Previous GAAP and used that carrying value as its deemed cost as on the transition date.

PPE (except for land of holding Company which is valued at Fair Value) are stated at actual cost less accumulated depreciation and impairment loss. Actual cost is inclusive of freight, installation cost, duties, taxes and other incidental expenses for bringing the asset to its working conditions for its intended use (net of CENVAT) and any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the Management. Custom duty obligation on import of capital goods which is discharged through duty credit available under DEPB, SHIS (Status Holder Incentive Scrip) and other licenses purchased from third parties/other exporters is capitalized at the amounts paid to such parties for acquisition/transfer of the said licenses. It includes professional fees and borrowing costs for qualifying assets. Significant Parts of an item of PPE (including major inspections) having different useful lives & material value or other factors are accounted for as separate components. All other repairs and maintenance costs are recognized in the statement of profit and loss as incurred.

Depreciation methods, estimated useful lives and residual value

- (i) The Company provides depreciation on Plant and Machineries on straight line method and on other assets on written down value method using the limits specified in Schedule II of the Companies Act, 2013 except for in case of Building, Residential Flats and Plant & Machinery for Petrochemical Division, the depreciation is provided based on the management estimate of the useful life which is different from that prescribed in Schedule II of the Companies Act, 2013, details of which are as given below:

Assets	Management Estimate of Useful Life in Years	Useful life as per the limits prescribed in Schedule II of the Companies Act, 2013 in Years
Buildings	61.35 Years	60 Years
Residential Flats	61.35 Years	60 Years
Plant & Machinery for Petrochemical Division	21 Years	25 Years
License fees (for the manufacture of metal twist - Off Closures)	10 Years	10 Years

This is based on the consistent practices followed, past experience, internal assessment and duly supported by technical advice.

- (ii) Depreciation for assets purchased / sold during a period is proportionately charged.
- (iii) Property, Plant & Equipment whose aggregate cost is Rs.5,000 or less are depreciated fully in the year of acquisition.
- (iv) In case of "packaging division" wherein depreciation is provided based on the estimated useful lives of the plant and machinery so acquired, determined by the Company's Management based on the technical evaluation by a certified valuer conducted at the time of the business purchase. The estimated useful life of acquired plant and machinery ranges from 2 to 18 years.
- (v) Premium on leasehold land is amortised over the unexpired period of the lease.
- (vi) In case of subsidiaries United Shippers Limited depreciation on tangible Property, Plant & Equipment has been calculated on Straight Line method (SLM) based on the useful life prescribed in Schedule II of the Companies Act, 2013.

(vii) In case of subsidiary United Shippers Limited useful life of Property, Plant & Equipment are as follows:

Asset Class	Useful Life
Freehold Buildings	Office Building : 60 years Factory Building : 30 years
Leasehold Improvements	Over the period of lease
Plant & Machinery	15 years
Furniture & Fixtures	10 years
Electrical Installations	3-10 years
Computers, Printer and Laptop	3 – 6 years
Office Equipments	2-8 years
Vehicles	8-10 years
Server, UPS	6 years
Barges & Speed Boat	14 years
Payloader	4- 9 years
Excavator	9 years

2.7 Non-current assets held for sale and discontinued operation

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable.

Non-current assets and disposal group classified as held for sale are measured at lower of their carrying amount and fair value less cost to sell.

Non-current assets classified as held for sale are not depreciated or amortised from the date when they are classified as held for sale.

Non-current assets classified as held for sale and the assets and liabilities of a disposal group classified as held for sale are presented separately from the other assets and liabilities in the Consolidated Balance Sheet.

A discontinued operation is a component of the entity that has been disposed of or is classified as held for sale and that represents a separate major line of business or geographical area of operations and is part of a single co-ordinated plan to dispose of such a line of business or area of operations.

The results of discontinued operation are presented separately in the Consolidated Statement of Profit and Loss from continuing operations.

2.8 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity

2.8.1 Financial instruments

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories based on business model of the entity:

- Debt instruments at amortized cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets:

Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

Trade receivables or contract revenue receivables; &

All lease receivables resulting from transactions within the scope of Ind AS 17

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L).

2.8.2 Financial liabilities

Financial liabilities and equity instruments issued by the company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Initial recognition and measurement

Financial liabilities are recognised when the company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial period which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Financial guarantee contracts

Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

2.9 Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use.

Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company of assets.

Debt instruments at amortized cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognized in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method. The Company has not designated any debt instrument as at FVTOCI.

Debt instrument at FVTPL

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Company has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investments (Other than investment in subsidiary, associate and joint venture)

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments continue to be recognised in profit or loss as other income when the Company's right to receive payments is established. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity Investments (in subsidiary, associate and joint venture)

Investment in subsidiary is carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. The accounting policy on impairment of non-financial assets is disclosed in Note 2.9 On disposal of investments in subsidiary, associate and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the statement of profit and loss.

De-recognition

A financial asset is de-recognized only when -

- The Company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, it evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognized.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

2.10 Inventories

Raw materials are valued at cost (net of modvat) or net realisable value whichever is lower. Cost is ascertained on first in first out (FIFO) basis except in case of raw material liquid colorant where cost is determined on the basis of weighted average method.

Cost includes all charges in bringing the goods to their present location and condition, including other levies, transit insurance and receiving charges. Work in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

In case of a Subsidiary Company Shinrai Auto Services Limited, inventories are valued at cost or net realisable value, whichever is lower. Cost is ascertained on weighted average basis.

Land transferred from Property, Plant & Equipment to Inventory is valued at carrying amount appearing in its financial statements or fair value, whichever is lower.

Finished goods and work in process inventory are valued at cost or net realisable value whichever is lower.

Fuel, Stores, Spares and Consumables are valued at weighted average cost or net realisable value whichever is lower.

In case of a Subsidiary Company United Shippers Limited, inventories of stores and spares are measured at the lower of cost and net realisable value. The cost of inventories is based on the First in First out (FIFO) method.

Stocks of Shares are valued at cost or market value whichever is lower.

2.11 Cash and Cash Equivalent

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts/cash credit as they are considered an integral part of the Company's cash management.

2.12 Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement:

The Group uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The purchase contracts that meet the definition of a derivative under Ind AS 109 are recognised in the statement of profit and loss. Commodity contracts that are entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the Group's expected purchase, sale or usage requirements are held at cost.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or nonfinancial liability.

For the purpose of hedge accounting, hedges are classified as:

- Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability or an unrecognised firm commitment.
- Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment.
- Hedges of a net investment in a foreign operation.

At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the group's risk management objective and strategy for undertaking hedge, the hedging/ economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedges that meet the strict criteria for hedge accounting are accounted for, as described below:

i. Fair value hedges

The change in the fair value of a hedging instrument is recognised in the statement of profit and loss as finance costs. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognised in the statement of profit and loss as finance costs.

For fair value hedges relating to items carried at amortised cost, any adjustment to carrying value is amortised through profit or loss over the remaining term of the hedge using the EIR method. EIR amortisation may begin as soon as an adjustment exists and no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged.

If the hedged item is derecognised, the unamortised fair value is recognised immediately in profit or loss. When an unrecognised firm commitment is designated as a hedged item, the subsequent cumulative change in the fair value of the firm commitment attributable to the hedged risk is recognised as an asset or liability with a corresponding gain or loss recognised in profit and loss.

ii. Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised in OCI in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the statement of profit and loss.

The Group uses forward currency contracts as hedges of its exposure to foreign currency risk in forecast transactions and firm commitments, as well as forward commodity contracts for its exposure to volatility in the commodity prices. The ineffective portion relating to foreign currency contracts is recognised in finance costs and the ineffective portion relating to commodity contracts is recognised in other income or expenses.

Amounts recognised as OCI are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised or when a forecast sale occurs. When the hedged item is the cost of a non-financial asset or non-financial liability, the amounts recognised as OCI are transferred to the initial carrying amount of the non-financial asset or liability.

If the hedging instrument expires or is sold, terminated or exercised without replacement or rollover (as part of the hedging strategy), or if its designation as a hedge is revoked, or when the hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss previously recognised in OCI remains separately in equity until the forecast transaction occurs or the foreign currency firm commitment is met.

iii. Hedges of a net investment

Hedges of a net investment in a foreign operation, including a hedge of a monetary item that is accounted for as part of the net investment, are accounted for in a way similar to cash flow hedges. Gains or losses on the hedging instrument relating to the effective portion of the hedge are recognised as OCI while any gains or losses relating to the ineffective portion are recognised in the statement of profit or loss. On disposal of the foreign operation, the cumulative value of any such gains or losses recorded in equity is reclassified to the statement of profit or loss (as a reclassification adjustment).

2.13 Revenue recognition

Sale of Goods and Rendering of Service

The Company has adopted Ind AS 115 Revenue from contracts with customers, with effect from April 1, 2018. Ind AS 115 establishes principles for reporting information about the nature, amount, timing and uncertainty of revenues and cash flows arising from the contracts with its customers and replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts. The Company has adopted Ind AS 115 using the cumulative effect method whereby the effect of applying this standard is recognised at the date of initial application (i.e. April 1, 2018). Accordingly, the comparative information in the statement of profit and loss is not restated. The impact of the adoption of the standard on the financial statements of the Company is insignificant.

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates. Sales include excise duty recoverable. Liquidated damages are accounted for as and when they are ascertained.

Revenue from services is recognized on rendering of services to the customers. Revenue is recorded exclusive of taxes.

In case of United Shippers Limited, the Company recognises revenue from rendering of services on percentage of completion method when all the following conditions are satisfied:

- (a) the amount of revenue can be measured reliably;
- (b) it is probable that the economic benefits associated with the transaction will flow to the Company;
- (c) the stage of completion of the transaction at the end of the reporting period can be measured reliably; and
- (d) the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

When the outcome of the transaction involving the rendering of services cannot be estimated reliably, revenue is recognised only to the extent of the expenses recognised that are recoverable.

Interest Income

For all debt instruments measured either at amortized cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). Where as for fixed deposits, the same is recorded on time proportion basis.

Dividend Income

Dividend income is accounted for when Group's right to receive income is established.

Export Incentive

Export incentives available under prevalent schemes are accrued in the year in which the goods are exported and there is no uncertainty in receiving the same. The export incentives are disclosed as other operating income in the financial statements.

2.14 Leases

The group leases primarily consist of leases for premises, land and Jetty. The group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the date of commencement of the lease, the group recognizes a ROU and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and/or low value leases, the group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Currently, ROU assets are being amortised over a period based on lease term being lower of lease term and estimated useful life of underlying assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing activities in statement of cash flows.

As a lessor

Lease income from operating leases where the group is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

2.15 Foreign currency transactions

The functional currency of the Company is Indian Rupees which represents the currency of the economic environment in which it operates.

Transactions in currencies other than the Company's functional currency are recognized at the rates of exchange prevailing at the dates of the transactions. Monetary items denominated in foreign currency at the year end and not covered under forward exchange contracts are translated at the functional currency spot rate of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items (except for long term foreign currency monetary items relating to acquisition of depreciable assets outstanding as of March 31, 2017) are recognised in Statement of Profit and Loss.

In case of long term foreign currency monetary items outstanding as of March 31, 2017, foreign exchange differences arising on settlement or translation of long term foreign currency monetary items relating to acquisition of depreciable assets are adjusted to the carrying cost of the assets and depreciated over the balance life of the asset.

Non monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation difference on such assets and liabilities carried at fair value are reported as part of fair value gain or loss.

In case of forward exchange contracts, the premium or discount arising at the inception of such contracts is amortized as income or expense over the life of the contract. Further exchange difference on such contracts i.e. difference between the exchange rate at the reporting /settlement date and the exchange rate on the date of inception of contract/the last reporting date, is recognized as income/expense for the period.

Effective April 1, 2018 the company has adopted Appendix B to Ind AS 21- Foreign Currency Transactions and Advance Consideration which clarifies the date of transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income when an entity has received or paid advance consideration in a foreign currency. The effect on account of adoption of this amendment was insignificant.

2.16 Employee Benefits

Short term employee benefits:-

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

These benefits include compensated absences such as privilege leave and sickness leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense as the related service is rendered by employees.

Post-employment obligations

i. Defined contribution plans

Provident Fund and employees' state insurance schemes

The Company's contributions towards provident fund, employee state insurance and superannuation fund are defined contribution schemes. The Company's contribution paid/payable under the schemes is recognised as expense in the statement of profit and loss during the period in which the employee renders the related service.

ii. Defined benefit plans

Gratuity

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance Sheet date.

Actuarial gains and losses are recognized in OCI as and when incurred.

Compensated absences

Long term employee benefits comprise of compensated absences. These are measured based on an actuarial valuation carried out by an independent actuary at each Balance sheet date unless they are insignificant. Actuarial gains and losses and past service costs are recognised immediately in the statement of profit and loss.

Termination benefits

Termination benefits are recognized as an expense in the period in which they are incurred.

2.17 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying asset are capitalized as part of cost of such asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds.

2.18 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

Contingent liabilities are disclosed in the Financial Statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

2.19 Cash Flow Statement

Cash flows are reported using the indirect method. The cash flows from operating, investing and financing activities of the Company are segregated.

2.20 Earning Per Share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

2.21 Income taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses, if any.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Financial Statement. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

The carrying amount of deferred tax assets are reviewed at the end of each reporting period and are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Dividend distribution tax paid on the dividends is recognized consistently with the presentation of the transaction that creates the income tax consequence.

Minimum Alternate Tax (MAT) obligation in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal tax during the specified period. Accordingly, it is recognized as an asset in the balance sheet when it is probable that the future economic benefit associated with it will flow to the Company and the asset can be measured reliably.

2.22 Recent Pronouncement:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 01, 2022, as below:

- **Ind AS 103 – Reference to Conceptual Framework**

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

- **Ind AS 16 – Proceeds before intended use**

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

- **Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract**

The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

- **Ind AS 109 – Annual Improvements to Ind AS (2021)**

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

- **Ind AS 106 – Annual Improvements to Ind AS (2021)**

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its financial statements.

The group will evaluate the above and give effect as required by law.

2.23 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

Basic Profit/(loss) per share is calculated by dividing the Profit/(loss) for the year attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the year.

Diluted Profit/(loss) per share are calculated by dividing the Profit/(loss) attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

45 Critical accounting estimates and judgments

The preparation of restated financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involves a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgments are:

1. Estimation of useful life of tangible asset and intangible asset (Note 3 and 4)
2. Recognition of deferred tax asset (Note 28)
3. Estimation of defined benefit obligation (Note 46)
4. Estimation of contingent liabilities and commitments (Note 48)
5. Impairment of assets
6. Recoverability of Trade Receivables (Note 15)
7. Estimation of revenue Recognition - The Group uses the percentage-of-completion method in accounting for its fixed-price contracts. The use of the percentage-of-completion method requires the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

61 Financial risk management objectives and policies

The Group's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include loans, trade and other receivables and cash and cash equivalents that derive directly from its operations.

The Group's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Group's senior management has the overall responsibility for the establishment and oversight of the Group's risk management framework.

(A) Management of Liquidity Risk

Liquidity risk is the risk that the Group will face in meeting its obligations associated with its financial liabilities. The Group's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions.

The following table shows the maturity analysis of the Group's financial liabilities based on contractually agreed undiscounted cash flows as at the Balance Sheet date.

(B) Commodity Rate Risk

i) Rate Risk

The operating activities involve purchase of raw materials such as Mix Pentane, Pet Resign, Tin free steel/Tin plate, Aluminium sheet/Slug/Ingots, Polymers whose prices are exposed to the risk of fluctuation over short periods of time. Commodity price risk exposure is evaluated and managed through procurement and other related operating policies. As of March 31, 2022 & March 31, 2021 the above Group had not entered into any material derivative contracts to hedge exposure to fluctuations in commodity prices.

ii) Product Substitution Risk

Holding Company manufactures closures, such as crown caps and plastic caps for bottles and containers for beverages, liquor, food products, and pharmaceuticals. Holding Company's scale of operations may witness a decline, if there is a significant shift towards newer packaging products, such as tetra packs, sachets, strips, and other flexible packaging, by end-user industries.

Demand for crown caps is going down due to soft drink industry gradually shifting from glass bottles to pet bottles. This has reduced our Crown sales but simultaneously increases our plastic closure off take.

C Management of Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits, FVTOCI investments.

The sensitivity analyses in the following sections relate to the position as at March 31, 2022 and March 31, 2021.

POTENTIAL IMPACT OF RISK	MANAGEMENT POLICY	SENSITIVITY TO RISK
1. Price Risk		
"The group is mainly exposed to the price risk due to its investment in equity instruments and mutual fund. The price risk arises due to uncertainties about the future market values of these investments. The price risk arises due to uncertainties about the future market values of these investments. in foreign exchange rates. The company's exposure to the risk of changes in foreign exchange rates relates primarily to the company's operating activities, borrowings and the company's net investments in foreign subsidiaries.	in which sales, purchases and borrowings are denominated. The currencies in which the company is exposed to risk are USD & LKR. The group follows a natural hedge driven currency risk mitigation policy to the extent possible. Any residual risk is evaluated and appropriate risk mitigating steps are taken, including but not limited to, entering into forward contract and interest rate swap.	

In respect of subsidiary company, United Shippers Limited, exposure to foreign currency risk at the end of the reporting period expressed in Rs. lakhs is given below:

Receivables	USD	28.30

(D) Management of Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions and other financial instruments.

Ratings are monitored periodically and the Company has considered the latest available credit ratings in view of COVID – 19 as at the date of approval of these financial statements.

Credit evaluation is periodically performed on the financial condition of accounts receivable.

The credit risk on liquid funds is limited because the counterparties are mutual funds with high credit-ratings assigned by credit-agencies.

Trade Receivables :

The Holding Company in determining the allowances for credit losses of trade receivables, the Subsidiary Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix.

In case of a Subsidiary Company, United Shippers Limited, the Subsidiary Company determines the allowance for credit losses based on percentages derived on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company considered current and anticipated future economic conditions relating to industries the Company deals with and the countries where it operates. In calculating expected credit loss percentage, the Company has also considered credit reports and other related credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID -19. Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the management in accordance with the Group's policy. Counterparty credit limits are reviewed by the management on an annual basis, and may be updated throughout the year. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

(E) Capital management

The group's objective to manage its capital is to ensure continuity of business while at the same time provide reasonable returns to its various stakeholders but keep associated costs under control. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

In order to achieve this, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic investments.

Apart from internal accrual, sourcing of capital is done through borrowing, both short term and long term. The Board of Directors seeks to maintain a balance between the higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position.

The group monitors capital using a ratio of 'adjusted net debt' to 'total equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings, less cash and cash equivalents, other bank balances and current investments.

The fair value of financial instruments referred above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The categories used are as follows :

Level 1 hierarchy includes financial instruments measured using quoted prices. This includes equity instruments and mutual funds that have a quoted price. The mutual funds are valued using the closing NAV and equity instruments are valued at share price as at reporting date.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities which are included in level.

63 Derivative Instruments

The Holding Company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and forecasted transactions. The use of foreign currency forward contracts is governed by the Holding Company's strategy, which provides principles on the use of such forward contracts consistent with Holding Company's Risk Management Policy. The Holding Company does not use forward contracts for speculative purposes.
